Role overview

- Make sure each team have nominated their players*
- Fill in match work sheet and Match Report
- Check that players' names and numbers match the score sheet
- Check that substitution benches are placed so you can see the full court, contact bench official manager, Janina , if you have any problems.

*10 minutes before the games starts the team officials should have nominated their team. Nomination is done by filling in the shirt number of the 14 players that will participate in the game. No player can be nominated later than 10 minutes prior to the game.

Work together as a team and make sure that one person always look at the court. Look after the substitutions on your side, if they are made incorrect and advantage is gained the official on that side should whistle to signal incorrect substitution.

Yellow card/warning

- Hold up the yellow card to indicate that you have seen the referee and allocate the warning in the relevant section on the match worksheet.
- Once three yellow cards have been issued to a team, warnings become 2 min suspensions. Let the referee know that they have reached three warnings, if the referee is unaware of it.

Two minute suspension

- Note the player given the 2 min suspension on the match work sheet in the grid. If it is a team official indicate this rather than the player that is allocated to leave the court.
- Score keeper should help the time keeper to remove the suspension cards.

Two minutes begins when the referees restart the game. The team may reenter the player once the time is up. They do not need your permission to re-enter. However, watch so they haven't entered too early. Note, in case of an exceptional misconduct the referees may punish a player with 4 min suspension instead of two.

Red Card/Disqualification

Players are disqualified once they get their third 2 min suspension or at the desecration of the referee. The player or official is excluded for the rest of the game. The team plays with one player short for the 2 min suspension, once it's finished they can replace that player. If it is an expulsion, the team plays with a player short for the remainder of the game.

- Hold up the red card to indicate that you have seen the referees action.
- Note the player or official given Disqualification or expulsion in the box of the team given the punishment.

Make sure the player leaves the area, the player may continue watch the game from the spectator area, however the playing shirt is not allowed to be visible.
